THE CLUB OF
UGLY
CHILDREN

KIDS & FAMILY ^{BETA}

“Keep it clean!” – The slogan of the new president rings through the orderly streets. It is to be taken literally, and that includes looks. One of the kind of unsightly kids is Paul, whose large jug ears are quite apparent on class photo day. When he and some of the “ugly” children are taken on a trip the next day, they soon realize that the president wants to hide them away. Paul escapes. On the run, and with help from Sara, one of the “pretty” children, he starts an underground club to fight against the president. The movement soon grows bigger and quickly turns into a revolution. The kids will show the world that even children can rise up and that you don’t have to be “pretty” to be a hero!
